# Campus groups express sympathy

**Posted: 11/22/04**

Dear Editor:

On behalf of the NMSU Choices and VIP Programs, we are deeply moved and saddened by the loss of Steven Judd. It is our sincere hope that this tragedy inspires other students to examine their own drinking behavior and acknowledge the dangers of excessive drinking. While alcohol consumption in and of itself is not 'bad,' this recent tragedy is a reminder to everyone in the campus community of the need to reduce the harms associated with excessive alcohol use. Our thoughts and sympathies go out to Steven's family, friends and fraternity brothers of Delta Chi.

Sincerely,

Casey H. Akins, Choices

Coordinator

Jessica Adkisson, VIP

Coordinator

Program Coordinators

and Peer Educators
